## Objective:

Dedicated and skilled Web Developer with 10 years of experience in creating and maintaining web applications. Adept at collaborating with cross-functional teams to drive project success. Seeking to leverage my expertise in front-end and back-end development to contribute to innovative web solutions.

## Professional Experience:

### **Web Developer at Solutionbuilt** — current job

- Back-End Development: Node.js, Php
- Front-End Development: HTML5, CSS3, JavaScript, jQuery, React, Vue.js
- Designed and developed mobile applications for Android and iOS platforms using React Native, Cordova.
- Database Management: SQL, MongoDB, MySQL
- Version Control: Git, GitHub, Bitbucket
- Web Performance Optimization
- Cross-Browser Compatibility
- Problem Solving and Troubleshooting
- UX/UI Principles
- Testing and Debugging web apps.

### **Oracle developer at SSCI** October 2012 – May 2017

- Developed and optimized complex SQL queries, stored procedures, and triggers to support application functionality.
- Conducted performance tuning and optimization of database systems to enhance efficiency and response times.
- Collaborated with software developers and data analysts to define database structures and requirements.
- Experience in front-end development using Forms 10g/9i/6i and Reports

10g/9i/6i.

## **Web developer at OhStudio April 2009 – October 2012**

- Develop and maintain responsive, user-friendly websites and web applications using HTML, CSS, JavaScript, and various web development frameworks.
- Troubleshoot and debug issues to improve website functionality and user experience.
- Work closely with the back-end development team to integrate front-end interfaces with server-side logic.
